

## Healing Words Update

Number 1, September 2014

### August 2012

In August 2012 did we, Suze Westerink and Anneke Muurling, start Healing Words. It is our desire to bring people close to the Lord Jesus. We believe there is healing and hope when you come close to God. The focus of **Healing Words** is:

- Healing through words ... the Bible and Gods words spoken by men and women
- Healing through worship ... worship God together and listen to worship
- Healing through prayer ... Gods healing words received through prayer.

### March 2013

The first activity of Healing Words was a Conference in Randaberg, Norway: **Sommerfuglkonferansen 2013** (Butterfly Conference).

It were special days with approx. 100 mostly young women experiencing Gods presence.

*\* In March 2013 we sent our Prayer friends a short impression of our experiences and how it all worked out. Mail us if you like to read it!*

### April 2014

At the end of above mentioned Conference we were invited to come to Norway again. We met with 80 ladies of 20 different nationalities in the beautiful Holmavaten Conference Centre (approx 2 hour drive from Randaberg where we stayed). It was a most impressive and colorful mix of people, and very touching to hear the stories of these women.

It was also special to lead the worship, there was much enthusiasm and humble adoration to worship God together. The speeches talked about the importance of positive and encouraging words. The themes were: "What do you say?" and "Listening to God".

Following the speeches we practiced what we preached. It is encouraging to see how God spoke to them. Also it was encouraging to see how ladies boldly passed on words and visions which they received from God. It was great that there was a safe atmosphere to do this.

Also we took time to pray for women who were in difficult situations in their lives. And who needed healing for their inner beings and/or liberation of the influence of Satan in their lives.

It was touching and a great blessing to us that a number of women made a decision to follow the Lord Jesus.

Almost all of us cried when they stepped forward after our altar call....

It is not easy to summarize in a few sentences how extraordinary it was to be with these women and to serve them with the **word, worship and prayer**. Exactly the three items which we shared on top of this Update: ***the focus of Healing Words***.

### June 2014

In June we were back in Norway. We gave training to the Norwegian team which prepares the next Conference (September 2014).

### July 2014

On July 12 Sander and Marlies got married being a beautiful couple! Sander is the oldest son of Suze. We sang a medley of different songs during the church service. It was a privilege and special to do it. The bride and groom passed the collection on to the ministry of Healing Words!

### August 2014

Totally unexpected we were asked by Open Doors to assist in worship and sing during a special Prayer Meeting for Iraq on August 10 in Ede. Open Doors organized this meeting within 48 hours because of the very serious developments (IS) in Iraq.

We were touched deeply during this evening. More than 1,000 motivated Christians came from all over Holland to pray. It was unbelievable and precious to sing together and worship God. It was touching to sing with so many present for those suffering in Iraq:

***Bless them Good God, take them in Your care, watch over them and give them light...***

### September 2014

On September 18 we fly back to Norway for Sommerfuglkonferansen 2014, 19 – 21 September.

The team in Norway has organized this Conference themselves. We encourage them to take initiative and trust God. That He can work through them. It is beautiful to see how this all develops. Our hearts rejoice and Gods heart as well!

Many thanks for your prayers and interest with us and Healing Words. All glory to Him!

God bless you and with our love,  
Suze and Anneke
